

South Country Education Foundation, Inc.

February 2021

Wishing we could thank you every day!

Dear South Country School District teachers,

Please accept these beautiful flowers as a small token of appreciation for your valiant efforts to educate students in our district during the Covid 19 pandemic. We know it hasn't been easy.

Teachers usually give tests. But during this time, teachers have been tested themselves. Every day. Computer skills have been pushed to the limits. You've had to re-think, re-write, re-imagine class materials and present them in class and online, all the while keeping students engaged and learning. And you've done it!

Your creative skills have come to the fore as you find ways to make the best of a terrible, unimaginable situation. Work has changed for many during the pandemic but more has been asked of teachers who have had to re-imagine their craft to take care of our most valuable asset: the minds of our youth. Thank you!

The board of the South Country Education Foundation salutes your efforts with an arrangement of flowers that hopefully will lift your spirits while letting you know your efforts are respected and appreciated.

Sincerely,

Robin Young Roe, President

Diane Zanazzi, Vice President, Andrea Fassman, Treasurer, Donna Esp, Secretary,
Susan SanGiamo, Nancy Marr, Pamela Lerner, Allison Buck, Meghan Shannon,
Hans Tempel, Michael Chiaramonte, Sarah Rauch, Ellen Hoffman
